

Non-Aviation Static Display request procedure PDF

The Georgia National Guard is made up of both Air National Guard and Army National Guard units. Typical static display requests include:

HMMWV or Hummer
HEMTT Truck
MTV Truck
Band Support
Color Guard Support
Soldiers to March in Parade (Usually come from the towns Armory)

To request Non-Aviation assets:

- 1) The event coordinator will need to complete the DD 2536 (The link is on the Community Relations Webpage) and sign it.
- 2) Fax the signed DD 2536 to the Community Relations Office (678.569.3856)

Once the Community Relations Office receives the FAA approved DD 2536, we can begin working with our units to see if we can support your event while also supporting our ongoing operations. If we have approval for your event and have Non-Aviation assets that can support, we will send the event coordinator confirmation of support. If the event does not qualify, or if Aviation assets are unavailable, we will send a letter of regret.

If you have any questions please contact Capt. Will Cox, Ga. Department of Defense Community Relations Officer at (678) 569-6119 or will.cox@ga.ngb.army.mil.
